

XTT - eXtensible Task Toolkit - Bug #129

Overlapping task-initiations break merge-support

2012-11-26 13:52 - Ingo Lütkebohle

Status:	New	Start date:	2012-11-26
Priority:	Low	Due date:	
Assignee:	Ingo Lütkebohle	% Done:	0%

Target version:			
Description			
<p>When the initiated message for the next task of a type arrives before the previous complete, merging them into an interval doesn't work as expected, because the immediately preceding event is not a merge candidate. This has to be fixed by also considering prior events and their task states to identify merge candidates.</p>
