<b>Description</b>			
when providing a non existing file, the formatting of the error message is wrong:			
<pre>[hist: 3298] [bg: 0] [11:50:41 - 25.03.15] »» [nkoester @ syd] [/tmp/postmortemanalysis/] fsmt_iniparser my_experiment.ini -o my_experiment.scxml Usage: fsmt_iniparser PATH_TO_INI_FILE  fsmt_iniparser: error: The provided INI file at '%s' does not exist!</pre>			
instead of %s there should be the absolute path to the given ini file:			
<pre>fsmt_iniparser: error: The provided INI file at '/tmp/postmortemanalysis/my_experiment.ini' does not exist!</pre>
